

MIYCFN in Cambodia

One Asia Breastfeeding Partners Forum 9,

Luang Prabang, Laos,

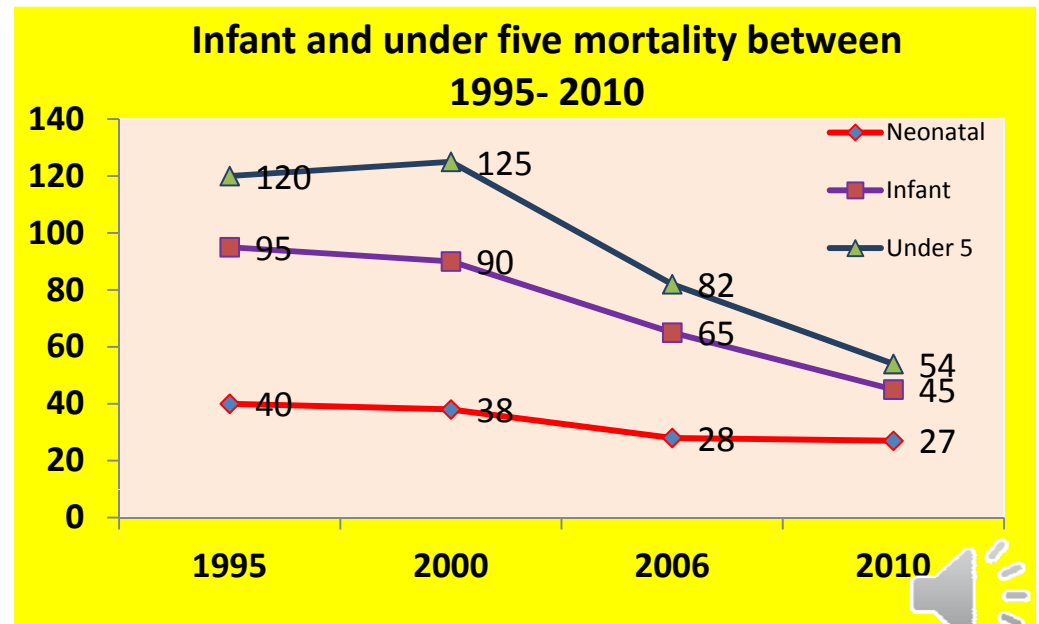

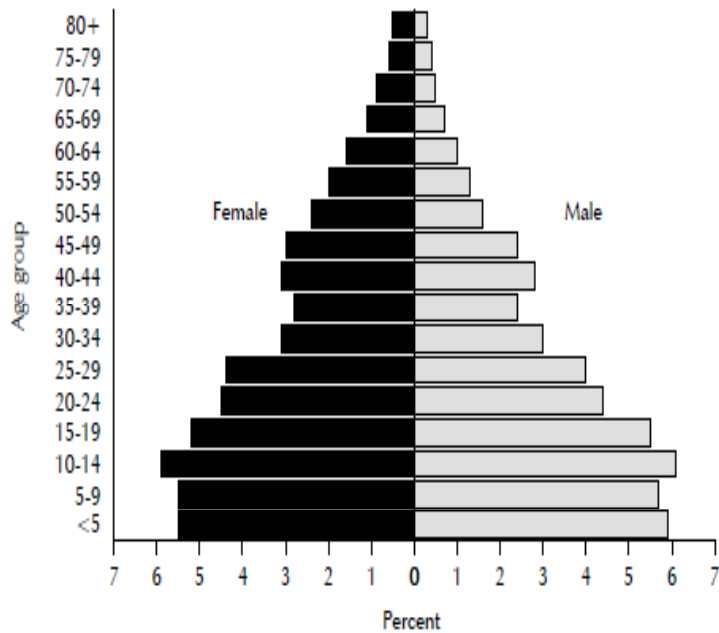

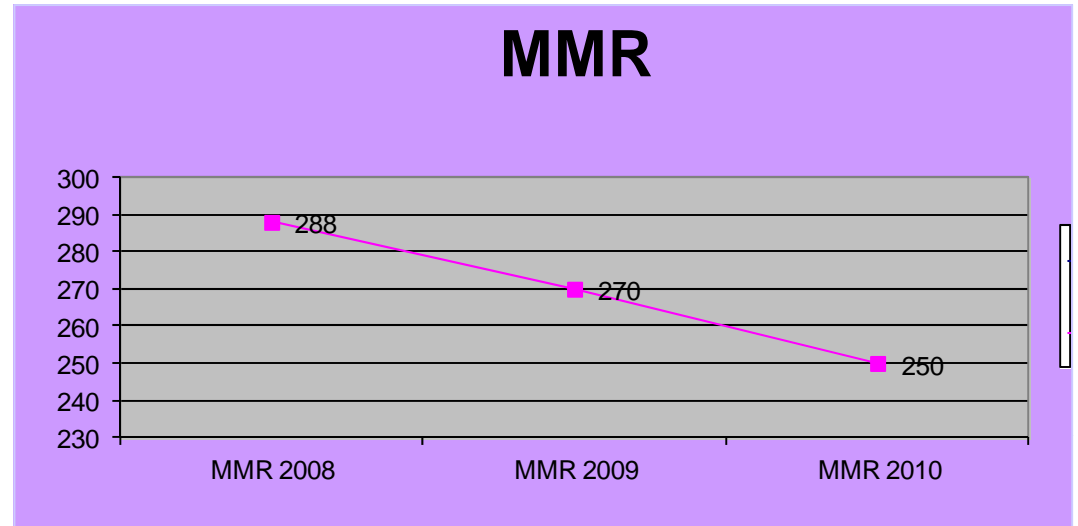

28-30 October, 2013

E- mail chhin_lan@yahoo.com

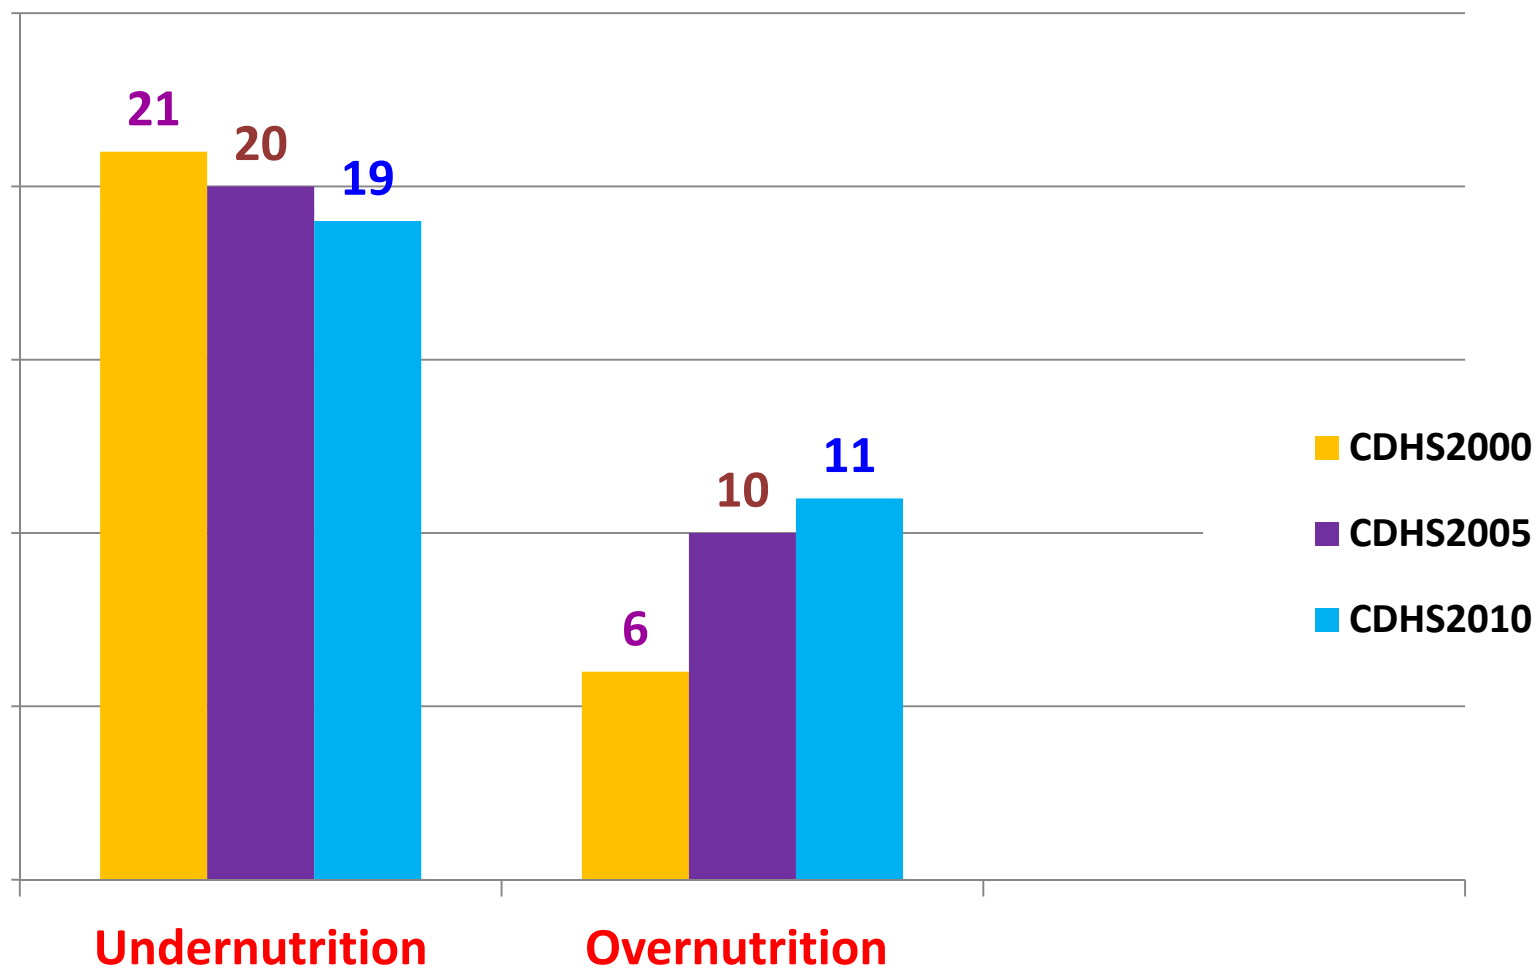

Cambodia Profile

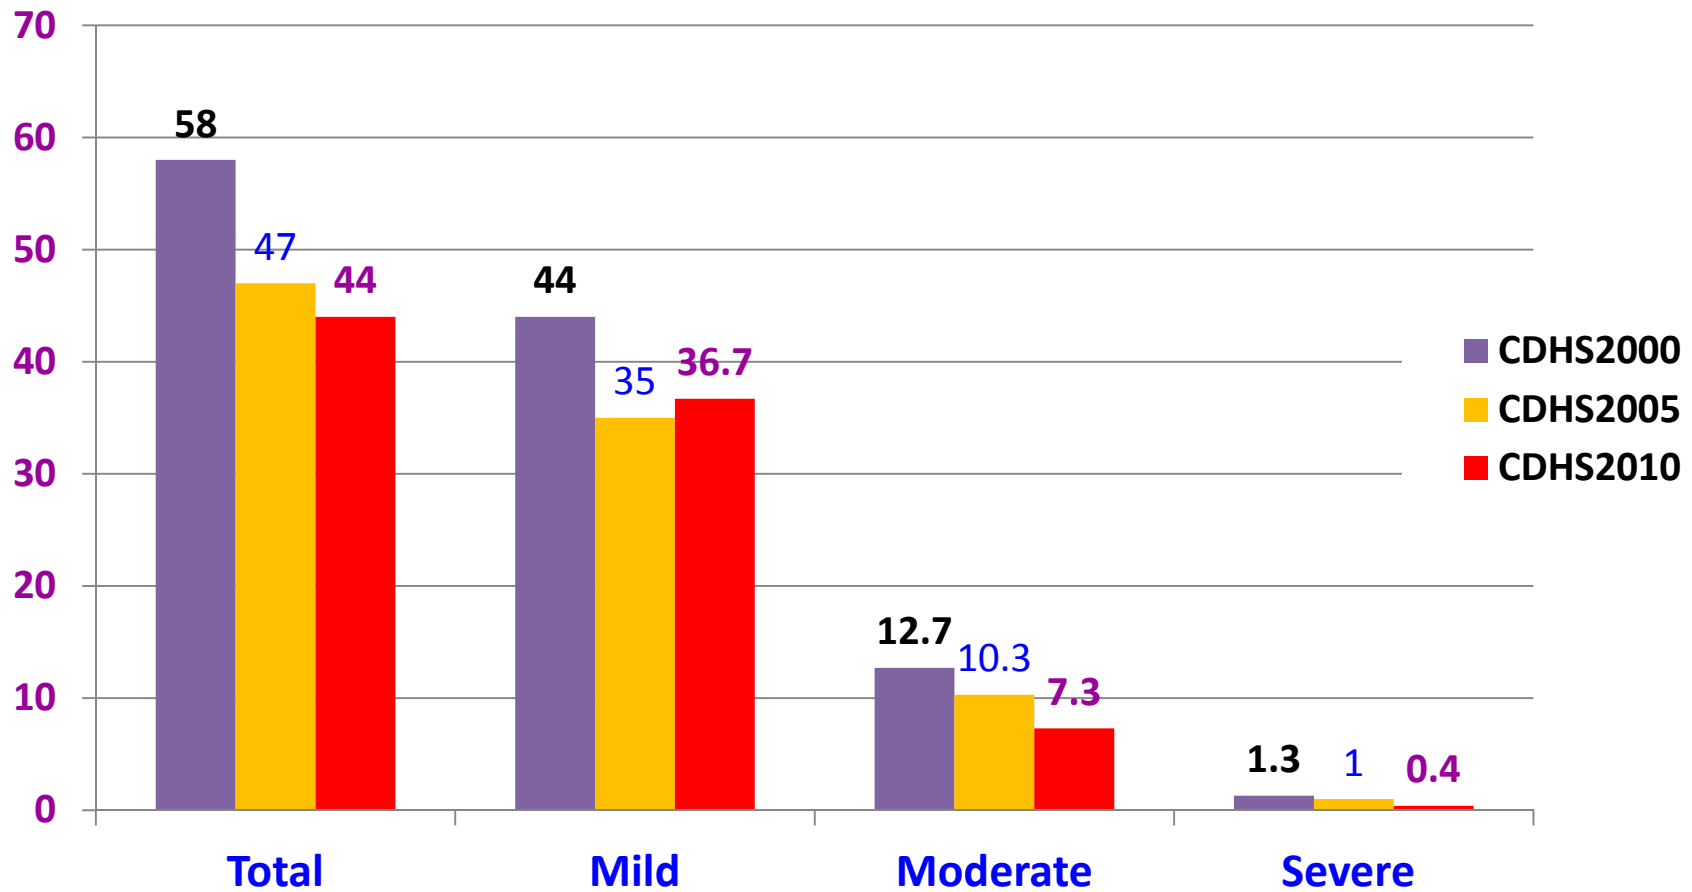

- **181,035 km² land area**
- **Population 14,138,000, density 81.8/km²**

Trends in Nutritional Status among Women 15-49 years

Trends in Aneamia Status among Women 15-49 years

Related activities to improve MIYCFN

- 31% health facilities are BFHI (24/78)
- 34% villages are BFCI (4720/14080)
- 5% (700/14080) of villages implement C-MNH
- Mass media Campaign promoting IYCF during the month of August (started since 2001)
- Conduct social event to promote BF/CF at the community level (quiz, contest..)

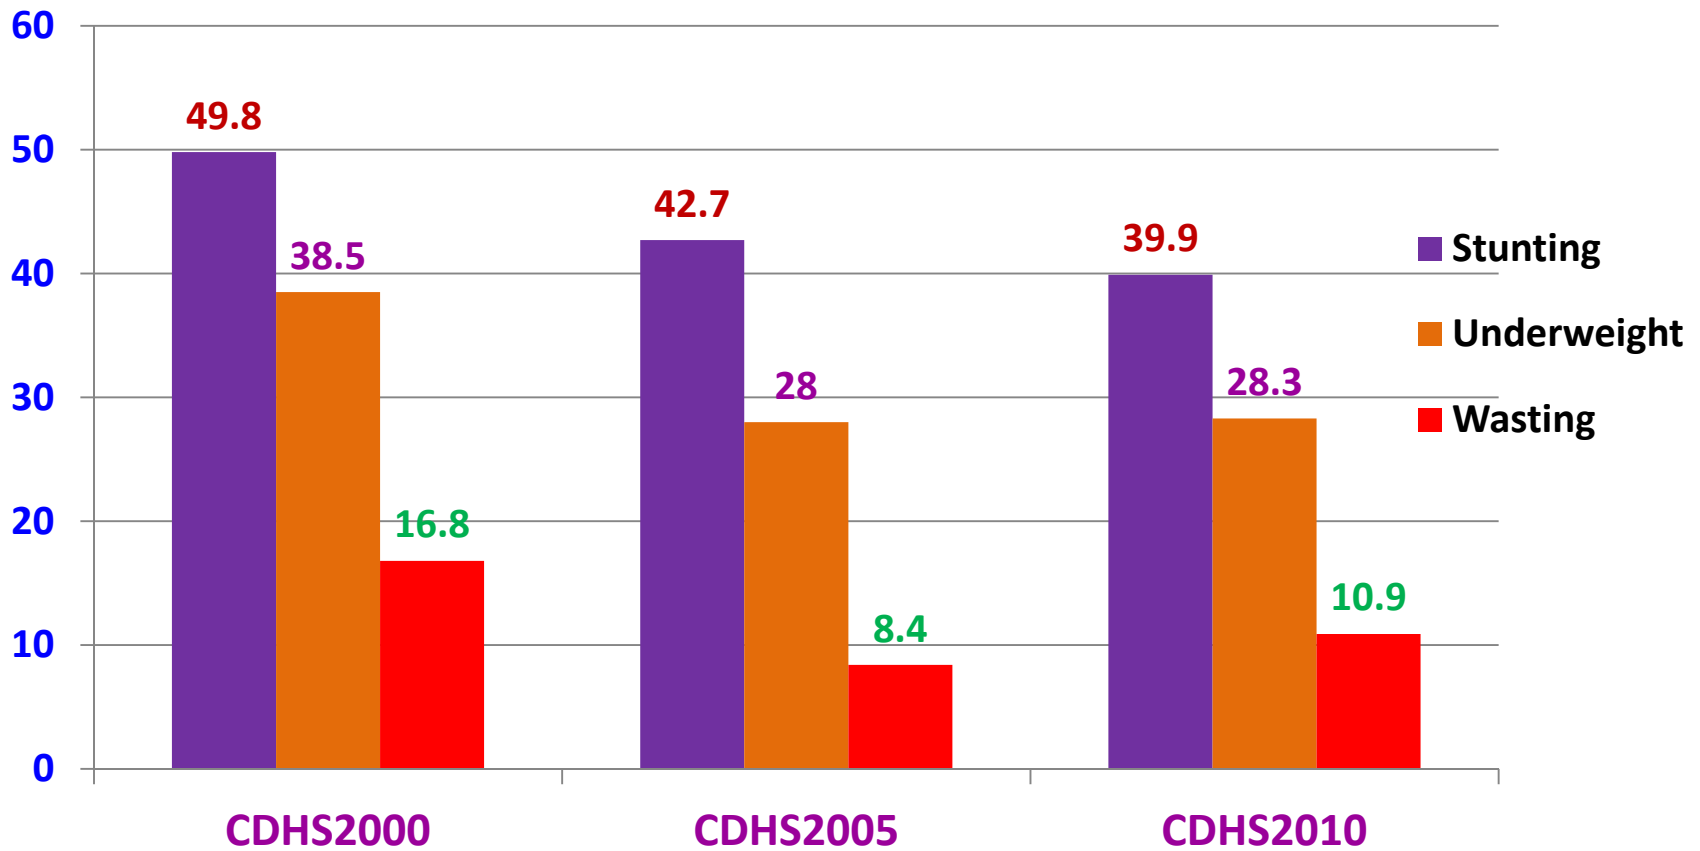

What we have done to promote, support and protect MIYCF

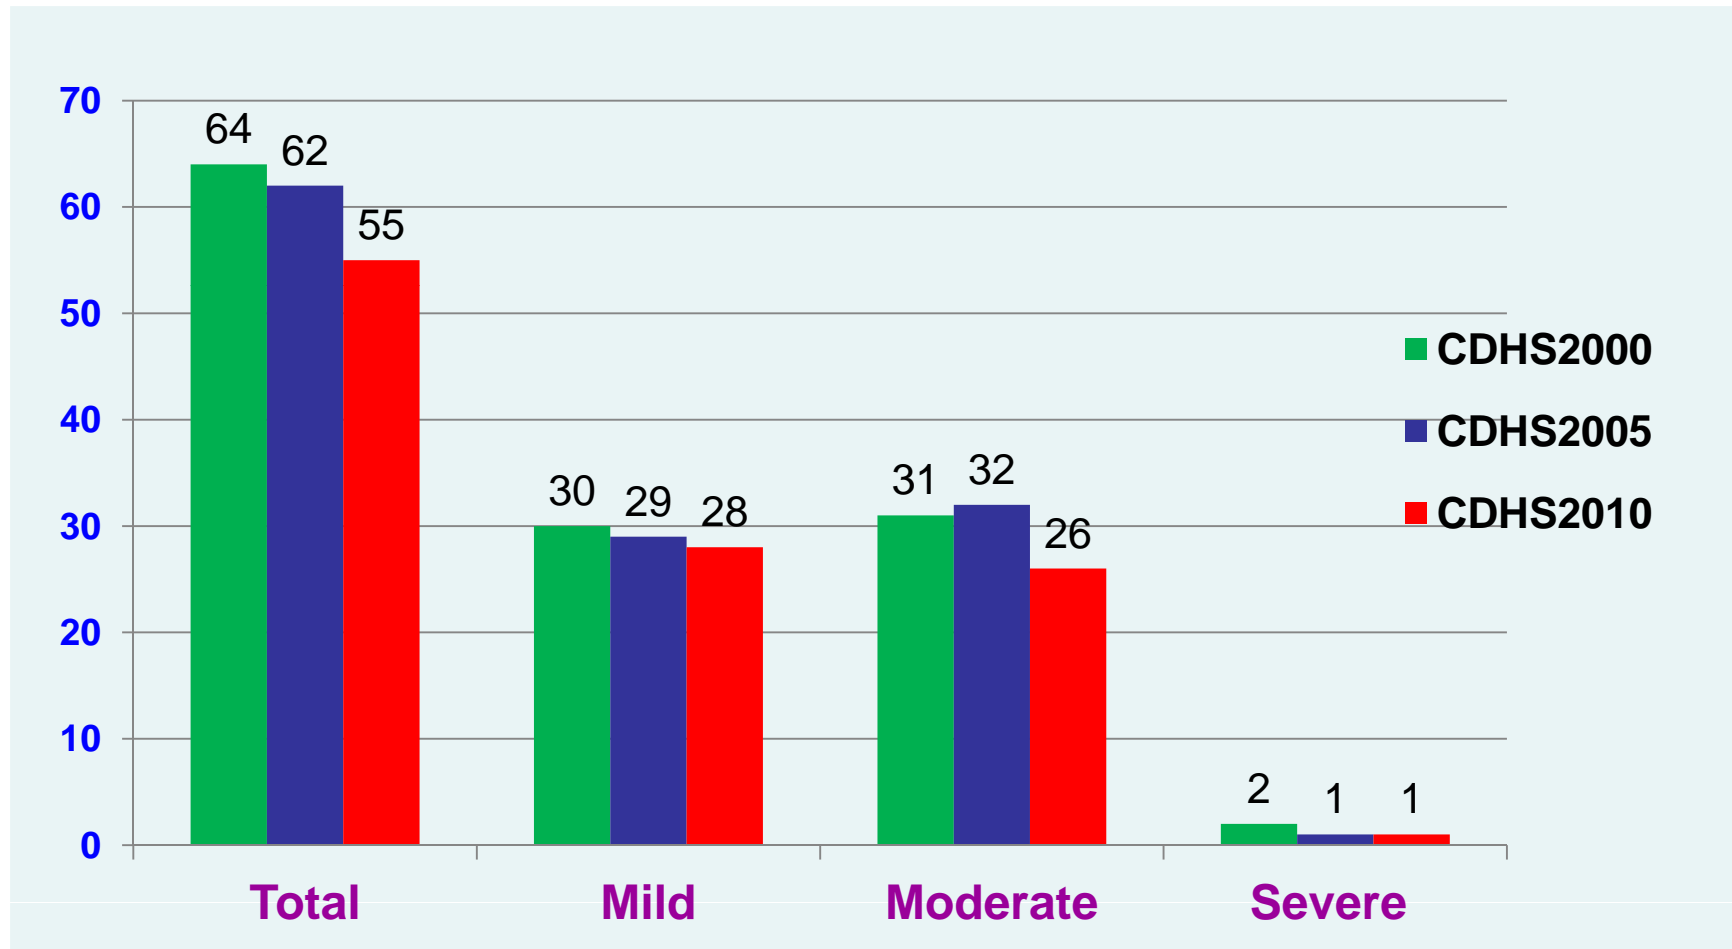

- National policy on IYCF
- National Strategy to improve IYCF
- Sub Decree on Marketing of products for IYCF (1995)
- BHFI / BFCI implementation
- WBW celebration campaign (started 2001)
- Management of MAM/SAM
- Recently NNP developed the “Draft Road Map: To reduce malnutrition among children and women through treatment and preventive measures 2014-2018”

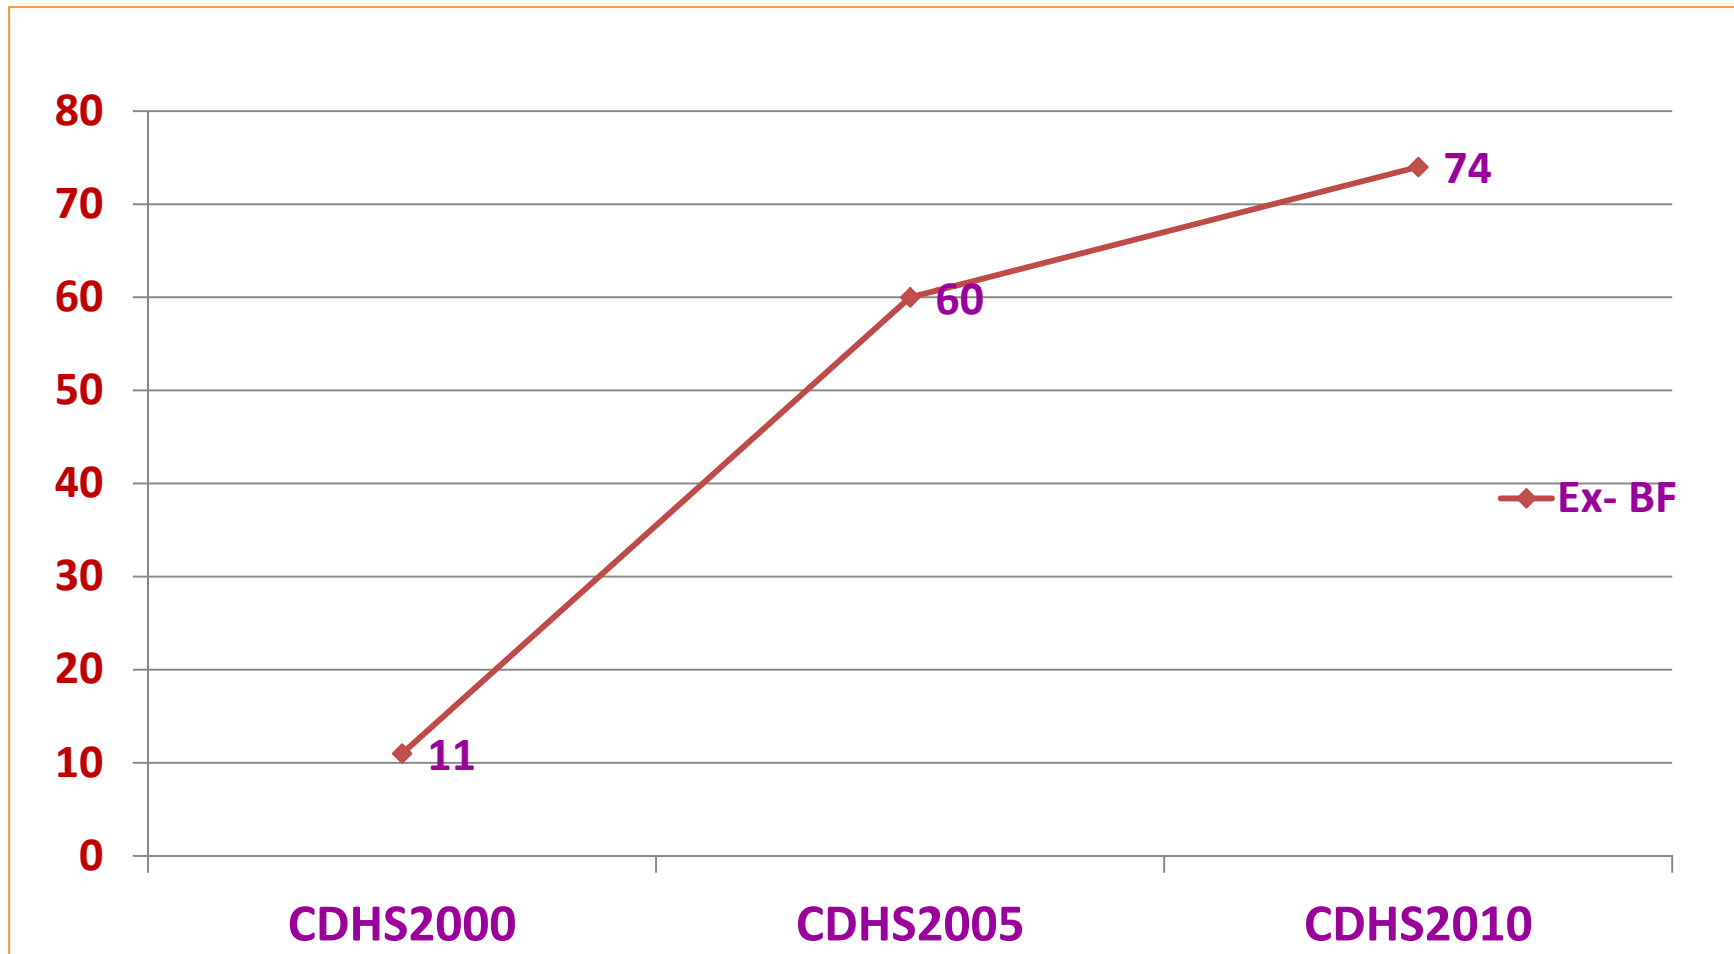

Trends in Nutritional Status of Children under 5 years

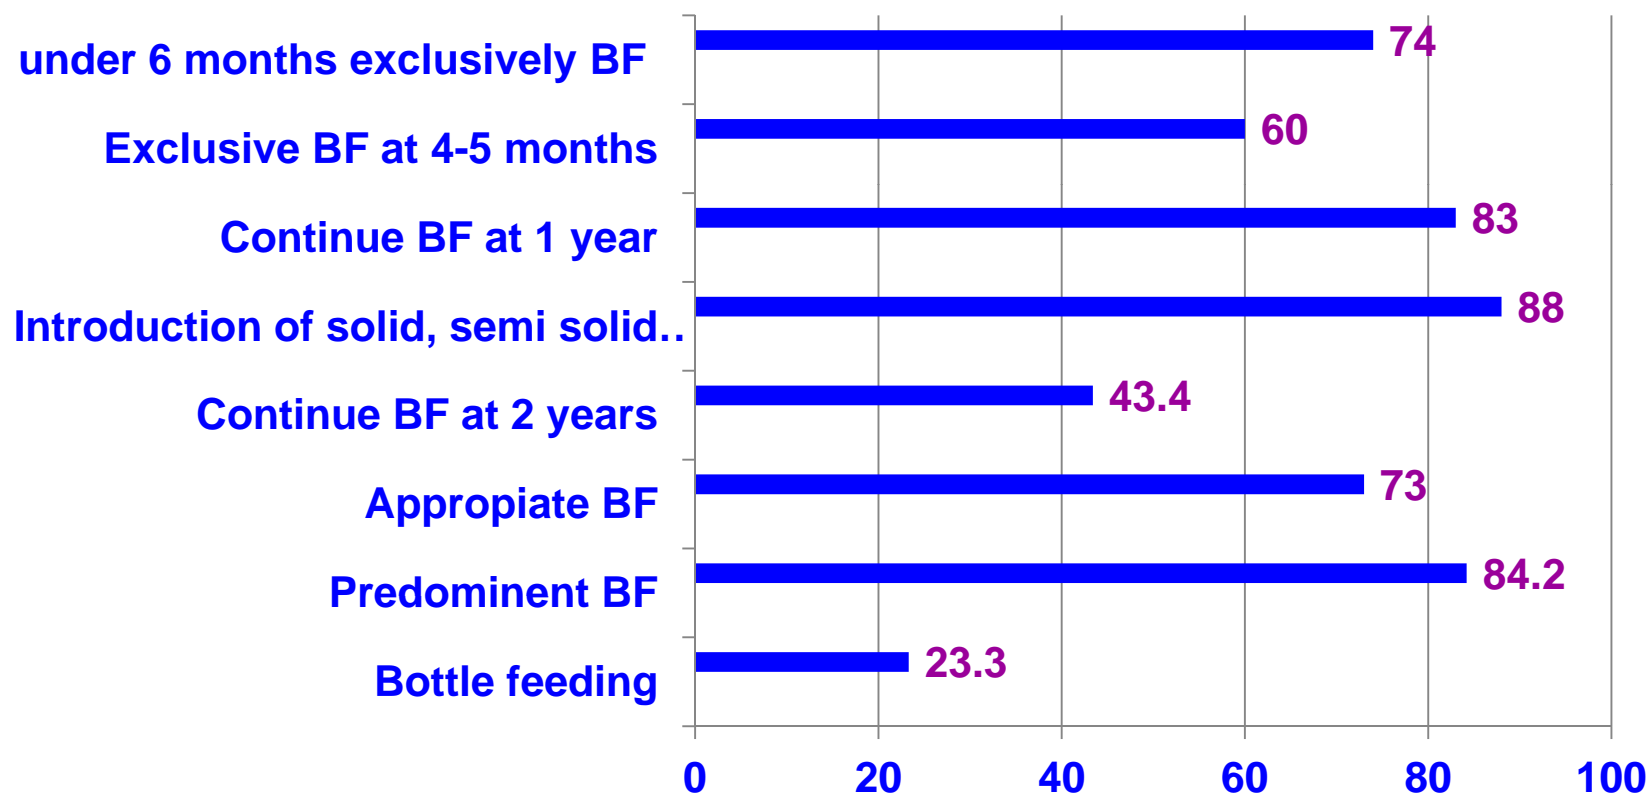

Trends in Aneamia Status among children 6-59 months

Proportion of Infant 0-6month Exclusively BF

IYCF status (CDHS 2010)
